Client's Rights & Responsibilities

Statement of Client's Rights:

- Patients have the right to be treated with dignity and respect.
- Patients have the right to fair treatment.
- Patients have the right to have their treatment and other information kept private.
- Patients have the right to privacy. Only with consent, or if required by law, can records be released.
- Patients have the right to have an easy-to-understand explanation of their condition and treatment.
- Patients have the right to know about all their treatment choices, regardless of cost or whether covered by insurance.
- Patients have the right to get information about their insurance carrier's role in the treatment process.
- Patients have the right to information about providers' professional backgrounds.
- Patients have the right to know of their rights and responsibilities in the treatment process. Patients have the right to share in the formation of their plan of care.

Statement of Client's Responsibilities:

- Patients have the responsibility to give providers information they need. This is so they can deliver the best possible care.
- Patients have the responsibility to let their provider know when the treatment plan no longer works for them.
- Patients have the responsibility to follow their medication plan. They must tell their provider about medication changes, including medications given to them by other providers.
- Patients have the responsibility to treat those giving them care with dignity and respect.
- Patients should not take actions that could harm the lives of Parker Psychiatric Services, Inc. employees, providers, or other patients.
- Patients have the responsibility to keep their appointments. Patients should call their providers as soon as possible if they need to cancel visits.
- Patients have the responsibility to ask their providers questions about their care. This is so they can understand their care and their role in that care.
- Patients have the responsibility to follow the plans and instructions for their care.
- Patients have the responsibility to plan medications visits or refills in advance so as to not precipitate emergency calls.
- Patients have the responsibility to let their provider know about problems with paying fees.
- Patients have the responsibility to work with their insurance company as needed to obtain authorizations for their care.
- Patients have the responsibility to inform their providers of any change in insurance coverage as soon as it is known in order to avoid the non-payment by insurances and thus self-pay charges.
